Twelve orphaned children representing the orphaned children of Africa, will be traveling to the United States for the first ever '**Ethiopian Children's Choir Tour**'. It will be a once-in-lifetime opportunity for the children, but our primary goal is to raise awareness of the Kamashi Orphanage & School and the impact this ministry is having on the poorest of the poor in one of the **world's poorest countries; Ethiopia, Africa**.

Not everyone can visit Ethiopia to experience missions and the unique people of the African culture. For those who can't go, we're bringing Ethiopia to them right here in America. Through these children, people will **experience a little of Ethiopia face to face**. Churches who will host the choir may elect to have the children stay in their people's homes where they will get to **know some of the children personally** over a few days.

We need **six churches willing to receive and host** the children while in their area. These churches would arrange homes for the children to stay in, provide meals, share their local culture, and help book places for the choir to perform.

These special churches will make the tour possible by sponsoring two children for the tour at \$2,496 per child, for a total of \$4,992. Sponsoring churches may choose the two children they would like to sponsor and we will provide them with photos and the full information about their children.

Offerings received during the tour will be sent to Ethiopia for **helping orphaned children**. As people see the need and fall in love with the children, we pray many will begin a child sponsorship allowing us to **accept another 100 orphaned children!**
